A Workshop was organised by Sharpen academy, The Karadi path on (15/3/25) for the class teachers of STD I and II. The workshop gave us a view of the Karadi path methodology and on how to stimulate the students to acquire the English language and comprehend. Intuitive - learn through experience, Immersive - to learn a language without grammar rules, non-linear - action, motion and read Multisensorial - language to reach all the students.

POWER ENGLISH

Focus, Solitaire, Domino, Flashback, zoom in & zoom out methodology have to be followed by the teachers. First focus followed by conversation, story, reading etc. It was an informative workshop and helped us to learn how to increase the interest of students to acquire the English language using the Karadi path methodology. Looking forward for implementing these methodologies to our students to enhance their reading skills.
